Grove Kiwanis To Install President, 11 Officers

Taking over the leadership of the Lemon Grove Kiwanis club will be 11 new officers along with President-Elect Robert Sutton, all of whom will be vested in office at its installation dinner-dance starting at 8 p.m. Saturday night at the Singing Hills Country Club in Dehesa.

Installed will be Ben Schei, first vice president; Jack Durham, second vice president; Robert C. Wilson, treasurer; Sam Solleder, secretary.

Seven directors of the board to be inducted are Clarence Allen, Virgil Duea, David Gibson, Bob Howell, Claude Sarvis, Sam Pernicano, and Stan Rogers.

Guests of honor will include John Dyster, lieutenant governor of Kiwanis and Dr. Simon Brumbaugh of Lemon Grove, retiring lieutenant governor of 1961.

Awards for outstanding committee activity will be distributed by Dr. Robert Burns, veterinarian.

Sutton who succeeds Dr. Thayer Crowe, outgoing president of the Kiwanis, is principal of Lemon Grove Junior High school. A member of Kiwanis for ten years, he lives with his wife Erline at 3851 Massachusetts st.

Also to be installed as head of the Kiwanis women's auxiliary will be Mrs. Norman Flannery.

Kiwanis projects last year included distribution of $4,000 to worthwhile community objects, some of which were purchase of band uniforms, scholarship funds for deserving boys and girls, and aid to needy families.

Protests Heard On 'Go-Cart Track'

SAN DIEGO (CNS)—A letter protesting plans for a go-cart race track in the Spring Valley area was received Tuesday by the County Board of Supervisors.

The letter, signed by 14 persons who described themselves as owners of surrounding property, said they understood use of land on Spring Valley Star Route owned by Cyril I., Glenna S. and Elaine M. Houlinhan was being considered for use as the race track, and expressed the fear that the noise, crowds and congestion would adversely affect values and future residential development and create an undesirable atmosphere for their children.

Woman Dead

The resuscitator of the Lemon Grove Fire Department was rushed to 2670 Massachusetts st. at 3:15 a.m. Saturday morning and when it arrived Mrs. Mary Gauvala, 73, was already dead. Dr. Thomas Early was called and Mrs. Constance Silva, believed to be a relative was notified.

Cause of death was not known at time of this publication.

Car Stolen On Broadway

L. O Hindenlang, 1635 50 st., San Diego, told Sgt. E. Ryan of the Sheriff's Department that his car was stolen from the used car lot at 8353 Broadway, Lemon Grove, while he was at work.

Struts for TV, LA Crowd Sunday

READY TO PLAY—Mt. Miguel High school's 180 member band, shown here during the Heartland parade in El Cajon last fall, is expected to leave for Los Angeles Sunday morning for their afternoon performance between halves of the Pro-Bowl Football at the Coliseum.

The band is directed by L. K. Christianson and led by Sheryll Lane, drum major, a Mt. Miguel senior. A consistent leader among the area's high school bands, its performance will be beamed over television to the entire country, except Southern California which has been blacked out.

March of Dimes Street Day Scheduled Here Saturday

A highlight of the Lemon Grove-Spring Valley March of Dimes continuing drive will be Jan. 14, it was announced today.

The Lemon Grove VFW Post 2082 and the Ladies Auxiliary will donate their entire day to this event, stationing themselves at prominent posts in the business areas by giving every passerby an opportunity to contribute to this worthy cause, it was announced by U. H. Kronquist, local drive chairman.

To assist in the Lemon Grove Spring Valley area drive, the following appointments were made: Hibbard C. Stubbs, treasurer and business chairman; Harry D. Geller, coin collector, and Tom B. Little and Homer T. Provost, publicity.

The deepest secrets of man's health and heredity may soon be revealed through medical research—much of which has been financed by the American people through the March of Dimes.

That prediction was made this week by DeGraff Austin, San Diego County director of the 1961 New March of Dimes, quoting a year-end scientific report from The National Foundation.

"The National Foundation in its fight to prevent crippling birth defects, arthritis and polio has allocated March of Dimes funds to a wide range of research projects that may contribute to many a significant scientific break-through," he declared.

Locally, The National Foundation has agreed to provide $2,000,000 annually to the institute of Basic Research at Torrey Pines until the endowment fund reaches $20,000,000.

Dr. Albert B. Sabin has developed a live-virus polio vaccine under National Foundation (March of Dimes) grants.

The National Foundation for many years has supported through the March of Dimes the largest virus research program of its kind in the world. It can do even more with contributions during the current campaign.

In a large measure the broad development of virology, giving us a better understanding of agents causing cancer, has been a result of the program of research, reports Dr. James A. Shannon, director of The National Institute of Health.

Family Has Close Call

Six members of the Carl Watters' family at 3476 Citrus Lemon Grove, had a narrow brush with tragedy early Saturday morning when they were overcome by escaping gas in their house.

The source was not known but it was attributed to either a faulty appliance or gas main by the Lemon Grove fire department.

Sheriff's deputies reported they answered the call of Carl Watters, who was able to seek help, although feeling the effects of the gas. Deputies Hank Schiupp and Dick Buchannon after they broke windows and opened doors to clear the air called the Lemon Grove fire department who arrived and gave the victims oxygen.

Those treated were Carl Watters, 26, his wife Evelyn 25, a companion Joyce Tibbins, 23, and three children, Douglas 6, Robin 4½, and Roger 2½.

Protest Made On Tax Payment

SAN DIEGO (CNS)—A letter from Burton M. and Bernice M. Young of Lemon Grove stating they are making a payment on the improvement of Mercury Drive under protest because of the erroneous legal description of their property was referred to the road commissioner for study Tuesday by the County Board of Supervisors.

Change of Command at Kiwanis

Robert Sutton (left) a ten-year member, who has succeeded Dr. Thayer Crowe (right) as president of the Kiwanis in Lemon Grove for 1961 will be installed into office Saturday night with 11 other officers at a dinner-dance of the civic organization at Singing Hills Country Club.

Sutton is principal of Lemon Grove Junior High school and lives with his wife Erline at 3851 Massachusetts ave. Dr. Crowe, 7602 Pacific ave., is an osteopathic physician and surgeon.

Dishes Driven from Drive-In -- Car Hits Pole -- Tags Switched -- Missing Suspects Sought; Other Happenings Noted at Sheriff's

A waitress at Stan's Car Hop, 7495 Broadway, Lemon Grove, reported to the sheriff's office that several young men had driven off at 2:30 a.m. Saturday with plates, cups, silverware and drinking glasses.

She supplied a license number and the make of a late model car. The license was later found on an abandoned car of another make and vintage at Olive and Broadway. Apparently, a wreck with a utility pole at Buena Vista and Broadway had immobilized the car. Sheriff's men are still seeking suspects.

4 HUB CAPS GONE

Vincent Calafota, an insurance agent for Farmer's in Lemon Grove told the sheriff's department that four hub caps were removed from the auto of his client, Thomas J. Owen of Poway, as he parked to shop at Mayfair Market, Lemmon Grove.

FIND VENDING MACHINE

Two small boys playing in high weeds between Campo road and South Granada found a complete cigarette vending machine and reported it to the Casa de Oro fire station near by. It was identified by the owners of Kelley's Drive-In, 10025 Campo rd., Casa de Oro as one taken from his place of business recently. The boys were Mark Paul, 13, 3909 S. Cordoba and Mike Varley, 13, 3545 S. Granada, Spring Valley.

The same daye, Henry Bauer, 9210 Valencia lane, Spring Valley, found a complete pay unit of a pay phone behind a block wall of his home. Sheriff's men said the mechanism apparently had been exposed for a very long time. The dial number on the unit is HUdson 8-9379.

DRUNK BOOKED

A man registered as Harris Blair Barger, 4924 Gallatin Way, San Diego, took a few snorts and lost a week-end. He ended up at the Lemon Grove Jack in the Box at Broadway and Kempf street Sunday at 9:25 when the cafe attendants reported to the sheriff's office that Barger was passed out in his auto. Deputies James Reeve and M. Lund roused Barger for a sobriety test. He failed.

Barger strove to please and cooperatively told the officers his side of the story: "I'm at the Standard station waiting to see the manager. I had a few snorts and I think I'm at E Cajon and 70th street, but I don't know how I got here."

He was booked at County jail.

STOLEN CAR TURNS UP

The auto of H. R. Vogt, 8125 Roy street, was recovered this week on Cypress street in Lemon Grove.

An observant housewife reported she had seen men running from the car a few nights earlier when her husband snapped on the yard lights. Sheriff's men investigated her report and found the car to belong to Vogt. He reported it missing December 26.

TOOL BOX DISCOVERED

A tool box containing tools valued at $75 was taken from the home of Quinton Hill Tindall, 10370 Don Pico rd., Spring Valley, between January 1 and 5. Among the tools was a motor drill, he told the sheriff's department.

Crowd Expected at Forum

Two main speakers, Assemblyman Sheridan Hegland and Del Mar City Attorney Luther L. Leeger, are scheduled to bring valuable information on incorporation and other forms of local government at the meeting of the Spring Valley Chamber of Commerce-sponsored local government meeting at Bancroft Elementary school, Bancroft and Tyler sts., Spring Valley at 7:30 p.m. tomorrow.

The meeting has been given extensive publicity, according to Chamber President H. A. (Tommy) Thomas, through newspapers, the local churches, woman's clubs, PTA's, the Lions clubs and other sources of information.

He said a large crowd is expected and that everyone should plan to attend and tell his neighbors to attend.

The Spring Valley Chamber of Commerce, Thomas said, is not recommending any type of local government, but is attempting to bring to light all information possible that the residents of the area may decide for themselves what is best for the community.

Dr. Hayles Trent, D.C (chairman elect of the Chamber of Commerce local government committee) will introduce the speakers. A question and answer period will follow.

Claim of Spring Valley Couple For Sewer Damage Rejected

SAN DIEGO (CNS) — The claim of August and Donna Diciedue of 158 Lakeview dr., Spring Valley, that sewage from the county's treatment plant on Jamacha road near the old La Presa airport was flowing across their property was heard by the County Board of Supervisors in its capacity of the board of directors of Spring Valley Sanitation District.

The Diciedues sought $10,000 damages. The board turned down the claim on recommendation of the county counsel.

The Diciedues contended that the county permitted sewage from the treatment plant to flow into a natural water course onto their land where it "polluted claimants' well, causing it to become nauseous and odorous, and unsuitable for use."

Similar Claim Rejected

The board last November 23 rejected a similar claim for $3,500 from the Diciedues.

The Board of Supervisors only last week approved a six point program to alleviate conditions caused by the overloaded district sewage plant until connection can be made in the future with the San Diego Metropolitan System.

VINCENZ APPOINTED SANITATION ENGINEER

SAN DIEGO (CNS)—In another project to straighten out the problem of the overloading of the Spring Valley Sanitation District sewage treatment plant the County Board of Supervisors Tuesday appointed Jean L. Vincenz as sanitation engineer for the district.

The step was a formality required in connection with action on the proposals for improving operation of the plan submitted recently by a San Francisco engineering firm.

The report has to be studied and then a recommendation made on it, Supervisors were told, and Vincenz suggested that he be named the sanitation engineer to do this.

ELDORA STREET WORK TO START

SAN DIEGO (CNS) — The last stumbling block holding up construction of curbs, sidewalks and gutters in the Eldora street area of Lemon Grove was cleared Tuesday at a Public hearing before the County Board of Supervisors.

The Board ordered the work be started, after more than a year and a half of delay, due to some propery owners not wanting to be included in the project, which it is estimated will cost $11,283.

Assessments are to be half on front footage and half on area.

Mt. Miguel Presents Show For Nationwide TV Sunday

180 To Perform Between Halves of Top National League Football Game at Los Angeles Coliseum

The Mount Miguel High School Band and Specialties Corps will climax a very successful marching season Sunday Jan. 15 when it will present the halftime show at the Pro-Bowl game in Memorial Coliseum in Los Angeles.

Professional football's counterpart of the All-Star game in Baseball, this game will be telecast all over the United States and Canada, giving the Mt. Miguel Band and this area "The most complete coverage of any halftime show ever presented," according to Mr. John Boudreaux, the entertainment director of the Los Angeles Rams football club.

The game will pit the leading players of the eastern and western divisions of the National Football Professional League against each other in what is now an annual event.

Game Blacked Out Locally

The starting time is 1 p.m. or the game which will be blacked out on television in Southern California, but will be beamed nationally to all other areas of the country.

The show, which is based on the theme "The Days of the Week," features the 180 performers in a square dance; a complex precision drill routine and other maneuvers; and musical variety ranging from the Blues to the "Great Gate of Kiev" by Moussorasky.

Now just four years old, the Mount Miguel band has amassed a record in competitive events which has made the band a point of pride in the Lemon Grove - Spring Valley area.

Directed by L. K. Christianson

Past victories include Sweepstakes awards at the Maytime band review and the West Arcadia Invitational band review and last November the band won first place at the Al Western band review in Long Beach, achieving the highest points scored of all 68 competing bands.

Director of the band is L. K. Christianson; drum major is Sheryll Lane, and twirling majorette is Betty Cortner.

The Specialties Corps well known in the San Diego area for its unique matador costumes, are directed by Mrs Dorothy Finney, and are under the student leadership of Sue Pike and Elise Burdick.

Retailer in Promotional Unit Here

Skip Degenhart, manager of the Lemon Grove Don Diego Market, was elected Tuesday to head up the newly activated Lemon Grove Merchant's Division of the Chamber of Commerce.

Bill Sutherland, operator of Dena's, was elected vice president. Barbara Howell, CP Appliances, and Erwin Moskowitz of the Petite Shop, were named secretary and treasurer respectively.

Board members include Pat Hutchinson, Patricia's Sportswear; Claude Sarvis, Highlander, Leone Moore, L.G. Yardage; Irv. Marder, Marder's Stationers and Jerry Mather, L. G. Department Store.

The new group will set in motion activities by which retail traffic will be attracted to Lemon Grove, Degenhart said.

A meeting at which the first schedule event will be discussed, will be held Tuesday at 7:30 a.m. at El Morocco.

Obscene Truck Driver Active

A "dirty looking man driving a dirty looking truck" is reported to have made dirty remarks and obscene advances toward three teen-age girls recently.

The girls, all thirteen years old, told Sheriff's Deputy W. E. Larson that the man accosted them at a telephone booth at Broadway and Imperial as they returned from a show at 9:30.

The suspect then followed them as they left the phone booth continuing making advances and then tossed a piece of paper at them containing obscene pictures and suggestive literature.

The suspect, not yet apprehended, was driving an old model truck with a gardeners' type bed on it.

FIRST ONE TO FILE IS SV WOMAN

SAN DIEGO (CNS) — The race for 152 trusteeships in San Diego County's 47 elementary and high school districts was off to an early start this week, with 35 declarations of candidacy already filed for the April 18 school board elections, one candidate having filed in this area.

Mrs. Josephine R. M. Streicher, 10414 Madrid Way, Spring Valley filed her declaration of candidacy for a position on the Grossmont Union High school district board, the first from here.

Declarations of candidacy must be filed with the County Department of Education not later than March 17.

Of the 35 candidates who have filed thus far, 30 are incumbents seeking election to new terms or to complete unexpired 1959 terms to which they were appointed to fill vacancies caused by resignations. The law requires that appointed trustees must stand for election to complete unexpired terms.

Candidates by elementary districts and high schol districts in this area are:

LA MESA-SPRING VALLEY (five member board, four vacancies)—None filed. Terms expiring—Mrs. Margaret W. Burnett, Emerson M. James, Dr. Cyril Padfield, Dr. Edward E. Smith.

LEMON GROVE (five-member board, three vacancies) — None filed. Terms expiring Arthur J. Long, Bert R. Cosby, Henry W. Buckner.

GROSSMONT UNION HIGH (five-member board, three vacancies)—Mrs. Streicher. Terms expiring—Clarence H. Foster, Rexford L. Hall, Palmer R. Svalstad.

Builder's Truck

Wallace Johnson, Builders Supply and Equipment Company, 9985 Campo rd., Spring Valley, has been hit again. Someone siphoned eight gallons of gas from the tank of a parked truck in his yard, between 5 p.m. Jan. 5 and 7:30 a.m. Jan. 6. This is about the fourth such petty theft reported at his business yard in the last four weeks.

Letters we expect but haven't received -

Dear Editor:

John F. Kennedy will prove to be history's outstanding president. I and my family are pleased to have had the opportunity to vote for him.

Once in a while there's a hard-hitting editorial-type message in paid advertising and we are not above reproducing free, if the message is right and lucid enough.

Such a message comes from Ernest G. Swigert, president of the Hyster Company, makers of heavy duty equipment, and is published as a paid advertisement in a recent issue of NEWSWEEK.

Swigert says it this way, and we couldn't have said it better:

"One hundred years ago Karl Marx spelled out in just 3 words the formula for the destruction of capitalism. Paragraph 2 of the Communist Manifesto has 7 words: "A heavy progressive or graduated income tax." Paragraph 3 is even shorter — 6 words: "Abolition of all right of inheritance." Thirteen words — all that is needed to turn a free people into slaves of a tyrannical state.

How far have we come along the road Marx laid out for us? With a graduated tax on income for the Federal Government alone reaching 91% we haven't far to go. On inheritance we haven't gone quite so far — only 77%. But we've gone far enough to force the liquidation or merger of thousands of successful growing companies — the backbone of any economy.

If we are to save ourselves, the American people must do two things. First we must realize that we are a long way down the road — not just talk about it but really understand it. Next we must be willing to fight for a real reform in our system of taxation, even it is appears to be against our immediate, selfish interest.

The problem is that our present tax system is designed, not to raise revenue, but to destroy capitalism. The only solution is to change our tax rate structure to create incentive instead of destroying it."

Every registered owner of a motor vehicle should have received his 1961 registration application by now.

We invite your attention to these smallish two and one half by six inch cards by which you and your clunker are annually attached; death, sale or failure to pay the registration fee being the exception.

The card itself is a study in miniaturization, which leads us to suspect that the State Department of Motor Vehicles harbors the nation's topmost miniaturization secrets though it seems a shame to waste this talent on so ordinary a thing as an auto registration application when the same talent might have had the moon on a regular orbit schedule by now.

Let's see what this miniaturization demon has gotten onto the registration card. There are listed the car's make and serial number, the owner's name and address, and the registration fee due the state. There are six items of instructions, plus a place to punch a hole in case of a change in address. There are two items in regard to penalties, four items under the disturbing heading of "MUST", three instructions for 1962 registration, and a place you must sign your name and a place to list your home county if it is different from the present address.

You are also warned not to staple the card and to return both section of it. The poor, frustrated tax-payer is then admonished to attach his check or money order and return it to one of several places.

We suspect the guy who developed the registration form would also have made a good sardine packer or a designer of womens' girdles.

There is no integration problem in this area, so far as we know. As a matter of fact, one of the most highly respected teachers in the Lemon Grove school district is a Negro, and his students, as well as other teachers in his school, show a profound cordiality for him.

This is in contract with the treatment given the racial considerations in the deep South, in a city where we exchange newspapers with a fellow publisher named G. C. Patten in Adel, Georgia.

The locally popular ADEL NEWS, which Mr. Patten publishes, is also highly respected. In keeping with his habits and times of his community, he separates news of the whites from news of the colored folks.

In the newspaper's birth columns the list of white babies recently born are listed. This is followed by a list of colored babies. Then there is a list of white admittances to the Adel hospitals followed by the same for colored. A white-colored list of hospital discharges follows the same segregation-separation policy.

But in the death list the racial difference is dropped.

We suppose this is the editor's acknowledgement that the Supreme Being recognizes no difference in people when he calls them Home.

STOPPER — Shown above supervising the work of the safety patrol recently formed is Samuel Miles, principal of Rancho school, with Blake Mathews, son of Mr. and Mrs. Art Mathews, 607 Elkelton st., demonstrating his technique with the stop sign.

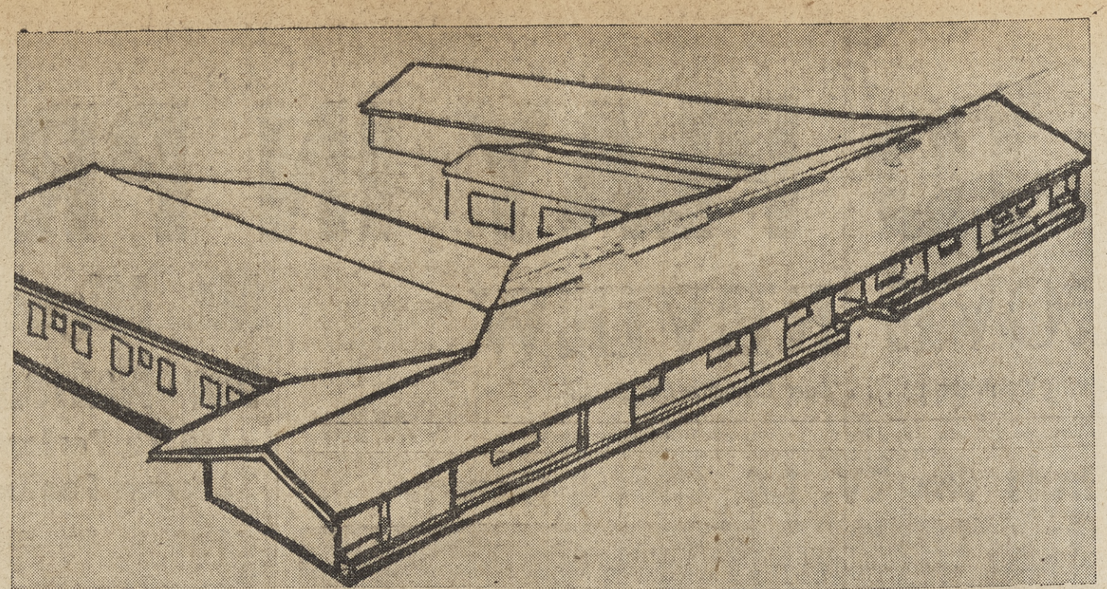

Many Take 'Trip of Lifetime' Here

A visit to Southern California is literally the "trip of a lifetime" to millions of the tourists attracted here from other states.

Horace W. Brower, president of the All-Year club, reported results of a survey into a sampling of the 4,747,000 tourist visitors who came here and spent over $715 million during the past travel year.

Asked when they had last taken a trip comparable in cost to the Southern California visit, 36 out of 100 said "never before."

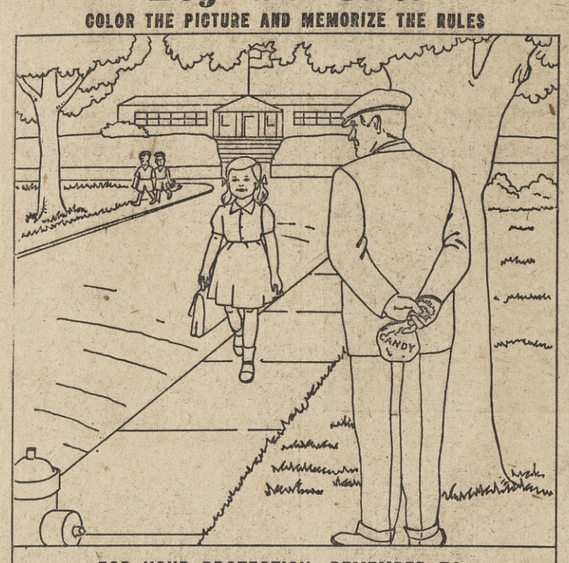

Of those who had taken such a trip before, 17 out of 100 had made their trip to Southern California. Next most popular was Florida, with 11 out of 100. After that came Europe with six and New York City with four.

New Dress For Poultry Products

What's new in the poultry and egg business? Plenty, according to the University of California agriculture department. She says that the New York State (Cornell) Experiment Station is credited with the following, some of which have already "hit" the market.

CHICKEN FRANK—A new member of the hot dog family, the chicken frank (furter) will get its tryout some time this coming summer. This low-fat, high-protein food is expected to be especially popular during the outdoor-eating season.

FROZEN FRENCH TOAST—Prepared simply by heating slices in the toaster. Each slice contains a half egg.

CHICKEN LOAF—A sandwich loaf, made from heavier birds, will take its place along with the many popular meat-loaf products on the market.

CHICKEN BOLOGNA — Another use for heavier birds. This cold cut has a definite smoked flavor.

YOUNG ROASTER — Roast chicken is a real treat. These excellent roasters weigh about 3½ pounds and are suited to the family of three or four. These birds are tender and are the heavier ones of the broiler flocks.

KID'S PAK—Twelve small eggs in a container. This pack aims at better merchandizing of small eggs.

BURGLARY TRY REPORTED

Mrs. Forrest Potter, 9935 San Juan st., Spring Valley, reported an attempted burglary to Deputy Sheriffs W. Wulff and M. Lund, at 11:45 p.m. Jan. 4, saying she had heard a burglar alarm start ringing at 11:25 p.m.. She said that she saw three suspects run down the alley behind the Walton TV Store, 9920 Campo rd., Spring Valley, in an easterly direction and a few minutes later she heard a oar door slam.

New Feed Supply Found in Brush

Brush growing on thousands of acres of San Diego County foothill ranges may be ground and fed to livestock, directors of the San Diego County Farm Bureau were told recently by Edwin Pressey, Natural Resources Department chairman.

FAMILY PAK—Four large eggs for Mom and Dad along with eight medium or small eggs for the children. This pack is of interest in areas where there is considerable difference between prices of large and medium eggs . . . or large and small eggs.

Throwin' the Bull

By Bob Turnbull

There is no bigger kick than having your first birthday party. It took some 20-odd years but I finally co-hosted my annual celebration.

Margie Reagan, (Columbia contract player), and **Linda Wakely** (Jimmy's dotter) and myself tossed a triple birthday shindig for ourselves at the Hollywood Hills home of **Kem Dibbs.**

The afternoon wind died down and our glass enclosed patio and pool party was a smashing success.

Many members of Filmland's young set showed up to share champagne punch, cake 'n' ice cream, dancing, chatter and entertainment. Some of them were:

Natalie Trundy and **Arnold Gendel,** two sets of sister that came from other engagements in **Donna** and **Noreen** ("Bachelor Father") **Corcoran** and **Smokey 'n' Shelley** ("Donna Reed Show") **Fabares.**

Judi Meredith came up with **Bob Westbrook** and **Dotti Harmony** dragged along her latest heartthrob, **Bob Colbert. Lisa Mitchell** ("Can Can") dated **Connie Stevens'** regular beau, **Gary Clarke** ("Michael Shayne" series). Two ex-mousketeers showed up together and looked mighty sharp. They are **Cheryl Holdridge** (a cute blonde) and **Lonnie Burr.**

Another ex-Disneyite, **Doreen Tracey** was there with new boyfriend, **Bob Washburn.** (Too blasted many Bob's nowadays). Deejay **Jim O'Neal** was with teen thrush **Dodie Stevens.** And from the Warner Bros. corral came **Will** "Sugarfoot" **Hutchens** with his gal, Japanese actress **Caroline Barrett** (yes, she had her name changed). Caroline is under contract to Desilu studios.

Susan Kohner and **George Hamilton** were in Palm Springs for the weekend but were thoughtful enough to fire us a Happy Birthday telegram. This generous and kind remembrance is a rarity in Tinsel-Town. Other kids were **Pamela Duncan, Rona Barrett** (noted columnist), Margie's date, **Burt Sugarman; Marianne Gaba** and hubby, **Mike Starkman; Deanna Ross, Earl Leaf** (noted photog), **Ron Heinzel** (Turnbull Enterprise photographer — ahem), **Maggie Pierce,** and some of our entertainers, night club singer **Jericho Brown, Jet Powers, Marshall Leib,** and the fabulous **Sylte Sisters.**

A word about the Syltes, **Joan** and younger twins, **Deanna** and **Deanda**— this trio is the greatest! My personal date for the evening was **Joan,** a real sharp doll. They tore the party up with their nightclub routine and left the partytimers begging for more.

Needless to say it was a first class ball and I'm looking forward to my next birthday (which is unusual) when I can again celebrate with my show biz friends. God bless 'em all!

SV Professional Group Luncheon Set Wednesday

The regular monthly Spring Valley business and professional persons luncheon, sponsored by the Spring Valley Chamber of Commerce, will be held Wednesday, Jan. 18, at non in the Chamber of Commerce hall, 90550 Memory ln., Spring Valley, just off Bancroft dr.

The luncheon ($1.50 donation) will be prepared and served by the mothers of Boy Scout troop 47, Spring Valley.

Reservations should be in no later than Monday afternoon. For reservation call Mrs. Reon (Florence). Rauscher, HO 9-1273 or H. A. (Tommy) Thomas, HO 6-6423.

Main order of business will be the discussion of forming a permanent club and possibly election of a chairman and other officers. Dr. Hayles Trent, D.C. will be chairman of the meeting. He urges all S.V. business and professional persons to attend.

OFFERS MATH COURSE

The mathematics department at San Diego Junior College will offer a course in elementary statistics during the spring semester which begins Jan. 31, according to Dr. Alfred W. Nall, dean of arts and science education.

There are no prerequisites for the course except qualifying on the standard math placement test. The class will be offered three days a week from 1:40 to 2:30 p.m.

94 Bed Hospital Opens in Grove

The San Diego Convalescent Hospital, a quarter million dollar convalescent hospital with a capacity of 94 patients, will open in Lemon Grove January 22 at Massachusetts and Freeway 94.

The "E" shaped building, No. 10, will accept its first patient as it opens. Its patient capacity of 94 will consist mainly of elderly patients is the belief of Mrs. Dorothy Duran, manager of the facility. Mrs. Duran is the former operator of the Parkview guest home on University ave. in San Diego.

The firm which built the hospital is comprised of four Youngflesh brothers, all builders. The brothers built many houses and apartments in Akron before two of the brothers, Harlan and Raymond came to Pasadena where they built and sold multiple dwelling units. These two brothers came to San Diego three years ago, continuing building and selling apartments.

Covers 22,000 square feet

Brothers Roy and Carl came from Ohio to join Harlan and Ray in San Diego late last year. The convalescent hospital is the first joint venture where all the brothers have taken part as builders," Harlan Youngflesh, spokesman for the group, said.

The hospital covers 22,000 square feet, all on one floor. It contains a pathological lab, X-ray, and other facilities usually found in modern hospitals. A physio-therapy facility will be added in the near future.

"There is a tremendous demand for a facility such as this," Harlan said. "Many persons are forced to live in private homes with minimum facilities for taking care of them because of the deplorable shortage.

Will Employ 40

"Some of the features our hospital will offer are choice of menu dining, 24 hour nursing care, three large patios, 1,400 square foot recreation room, private telephone and television available in each room, and competitive rates," he said.

Mrs. Duran said that more than 40 persons from within four blocks of the hospital will be employed on a permanent basis. Applications are being taken presently for nurses, nures aid

Reservations are being taken now at the hospital. The public is invited to an "open house" celebration all day January 22.

3 FIRE CALLS

Lemon Grove firemen answered three fire calls this past week, one involving a short circuit in a washing machine at the home of B. A. Seele, 3196 Crane st., another a fire in car owned by M. Van Bostel of National City, caused by defective ignition wire.

The third was a canyon fire believed started by juveniles with matches near the 1800 block between Washington and Skyline sts., resulted in the burning of about a half acre, it was reported.

Ruling Demanded by County Sups. On Lot-Split Law Cutoff Date

SAN DIEGO (CNS)—An official ruling on whether opponents of the county's new lot-split ordinance have until March 1 to file their petitions for a referendum—or whether it already is too late—was demanded Monday by the County Board of Supervisors.

The board ordered the county counsel's office to resolve the question of whether the ordinance became effective Sunday, 30 days after it was adopted by the Supervisors, or would not be in effect until next March 1 — the date set by the board to commence enforcement.

The March 1 date was set to allow the County Planning Commission time to set up enforcement machinery.

Bertram McLees Jr., assistant county counsel, has pointed out, however, that state law provides that any ordinance shall become effective 30 days after it is passed.

McLees said last week, after the "Citizens for Better Government" announced it would circulate petitions for repeal of the ordinance, that he doubted unofficially that the state law was affected by wording in the ordinance setting up the enforcement date.

McLees and Robert Berry, deputy county counsel, said the exact status of the law in the case had not been ascertained but would be if a public official requested the information. Hence the Supervisors' action Monday.

It was pointed out that state law provides that a referendum to void an ordinance must be accomplished in the 30 days before it becomes effective. The Supervisors passed the land-division-control measure Dec. 8, after nearly two years of bitter hearings.

Estimated 65,000 Calls Will Keep SD Better Business Bureau Busy

Another record year for the San Diego Better Business Bureau was predicted by its manager, Cecil Candler, who estimates that based upon the present trend, more than 65,000 persons will call on the San Diego BBB during this yeor for information and assistance.

The bureau processed an average of 4,300 inquiries and 335 complaints monthly, he reported.

The bureau manager forecasts that 384 persons will invest substantial sums in "exclusive" franchises promising "tremendous profits" with little effort and small investment. 99 per cent of these won't get back their original investment —most of them won't even get part of it back.

Over 6,000 advertisements will be checked by Bureau staff members. About 500 of these will embody one or more violations of advertising standards or ethics.

Over 10,000 persons will be winners of merchandise certificates to be applied against the purchase of items which have been over-priced to allow for the "Award" — and then some!

Countless thousands will fall for mail order offers of "sparkless sparkplugs" — "gas savers" — cures, nostrums and gadgets which won't work, won't arrive, or won't be as advertised. A pitifully small number of these will get their money back. Far too many will consider the sum involved too insignificant to worry about — an attitude which the phony mail operator knows will keep him in business.

Hundreds upon hundreds of people will call or write their irritation at the number and absurdity of telephone solicitations, and thousands of persons will receive flamboyant mailing pieces offering low-cost auto insurance — those wise enough to call the Bureau will discover that the insuring company is not licensed to do business in the State of California.

Candler asked San Diego shoppers confronted with such deals to call the Better Business Bureau at BE 3-7711 for advice. He reminded that the BBB is supported by local business to build public confidence.

Located in the Spreckels building, the Bureau is a fact-finding, fact reporting agency, and never makes a charge for its service to the public, Candler said. He cautioned that it cannot offer legal advice, nor recommend or endorse any firm, product or service.

"The BBB will continue to warn against bogus deals during the new year with radio and television announcements and newspaper articles," Candler said, "but the public should make at least one resolution, If In Doubt — Find Out, call the BBB at BE 3-7711."

Brokside Soldier Wins Paratrooper Wings from Army

Army Pvt. Edward C. Brady, son of Mr. and Mrs. F. E. Brady, 3559 Fairway dr., (Brookside) La Mesa, recently was graduated from the 82d Airborne Division Jump School at Fort Bragg, N. C.

Brady received his paratrooper wings after completing four weeks of intensive ground and aerial training which included five parachute jumps.

The 82d, a Strategic Army Corps (STRAC) unit, maintains an immediate readiness force for airborne deployment to any area in the world.

He entered the Army last February and received basic training at Fort Hood, Texas. The 19-year-old soldier attended St. Augustine High School in San Diego.

Services Held

Services were held this afternoon for Mrs. Lona J. Collins, 72, mother of Mrs. Cone J. Allen, 8803 Troy st., Spring Valley, a frequent visitor to this locality, who died Monday in a hospital.

Burial will be in Glen Abbey Memorial Park cemetery under the direction of Humphrey Mortuary, Chula Vista.

Surviving Mrs. Collins who was a resident of Imperial Beach, is another daughter, two sons, seven grandchildren and 13 great-grandchildren.

Little League Gets Money For Park At Kearney Mesa

Irving B. Friedman, secretary of Boys Incorporated, presented a check for $5500 last week to the Rainbow Little League.

The money will be used to build a second ball park at Scott Field, Kearney Mesa.

4 Teachers from LM-SV District To Attend 'Good Teaching' Confab

Four classroom teachers from La Mesa-Spring Valley schools have been authorized to attend the Tenth Annual Midyear Conference on Good Teaching sponsored by the California Teachers Association.

The meeting will be held in Los Angeles January 20-21. Attendance of the teachers will be at District expense. Selection of participants was made jointly by Kenneth French, president of the La Mesa-Spring Valley Teachers Association, and Dr. David Pascoe, assistant superintendent of instruction.

Attending will be Mrs. Elgie Larson, first grade teacher at La Mesa Dale; Mrs. Shirley Rhodes, third grade teacher at Rancho, and George Ashton, fifth and sixth grade combination teacher at Maryland Avenue Elementary school. Also attending will be Warren Martin, seventh grade teacher at La Mesa Junior High school.

Mrs. Larson received her AB degree from San Diego State College and has been with the district for 13 years; Mrs. Rhodes earned her AB degree from Monmouth College, Ill., and has been teaching in local schools for six years; Ashton has been teaching locally for eight years and received a bachelor's degree from the University of Redlands and an MA degree from San Diego State, and Martin, who has been teaching in La Mesa for six years, received his AB degree from Lynchburg College, Virginia.

"Teaching Today for a Changing World" is the Conference theme. In this meeting the California Teachers Association, Southern Section, gives emphatic evidence of its recognition of major responsibility for helping members reach increasingly high levels of professional competence, said Dr. Pascoe.

S.V. MAN FINISHES COURSE IN MARINES

Marine Pvt. Barney W. Kenney, son of Mr. and Mrs. Hugh M. King of 822 Elkelton, Spring Valley, recently completed recruit training Dec. 27 at the Marine Corps Recruit Depot San iDego, according to a Navy release.

The 11-week course includes instruction in all basic military subjects and infantry weapons. Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

Tax Law on Deductions for Students Explained

U. S. Internal Revenue Service today called attention to a recently enacted amendment to the law, effective for taxable years beginning on or after January 1, 1960, which allows a taxpayer a charitable contribution deduction for amounts paid to maintain a student as a member of the taxpayer's household.

The deduction may not exceed $50 multiplied by the number of full calendar months during the taxable year which fall within the period the student is maintained in the taxpayer's household. For this purpose, 15 or more days of a calendar month are considered a full calendar month.

In order for a taxpayer to qualify for this new deduction:

1. The student must not be a dependent or relative of the taxpayer.

2. The student must be a member of the taxpayer's household pursuant to a written agreement between the taxpayer and qualified charitable, religious, educational, and other organizations, contributions to which are deductible for Federal income tax purposes. Such an organization must sponsor the student and must be engaged in a program to provide educational opportunities for pupils or students placed in private homes by the organization.

3. The student must be attending an educational institution in the U.S. on a full-time basis in the 12th or any lower grade.

4. The taxpayer must not receive any money or other property as compensation or reimbursement for maintaining the student in his household.

IRS emphasized that to substantiate the new deduction a taxpayer should keep adequate records of all amounts paid for maintaining the student. These include, for example, amounts paid for books, tuition, food, clothing, medical and dental care, transportation, and recreation.

IRS stated, however, that since the new law was not enacted until September 1960, the deduction for amounts paid by the taxpayer during 1960 for maintaining a student in his household will not be denied solely because of lack of records of actual payments if the amounts claimed to have been paid can be reconstructed from available collateral evidence.

Completes Training

Marine Pvt. Frank V. Greenlee, son of Mr. and Mrs. Frank V. Greenlee of 8425 Golden ave., Lemon Grove, recently completed four weeks of individual combat training at the Marine Corps Base, Camp Pendleton, it was announced by the Navy.

The course included the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

County's Share of State Aid To Hit Near 3 Million Dollars

SACRAMENTO — San Diego County has received $2,733,504 out of $43,260,541 in state aid for special education and school transportation.

Those funds are part of more than $640 million which the state will pay toward support of the public schools during 1960-61, according to Roy E. Simpson, State Superintendent of Public Instruction.

San Diego County was allotted $713,616 for its schools' programs for physically handicapped students. The funds are apportioned to cover up to $910 per student in costs above the regular school program.

School districts in the county also received $833,112 for programs for mentally retarded students, and $64,353 for special classes for severely mentally retarded children. The allotments are based on state support of $375 and $670 per student respectively for the two programs.

In addition, school districts can receive up to $475 per student to help meet special transportation costs for physically handicapped students. The state allows up to $350 for transportation of severely mentally retarded children.

Funds for transporting handicapped students are included in the $924,923 received by County school districts for school transportation.

Former Del Mar Promotion Man Expands Agency

Expansion of the William F. "Bill" Arballo Advertising Ageny has been announced.

Herbert Truitt and Keith Alway jr., both of San Diego, have joined the firm. The name has been changed to Arballo, Truitt, and Alway, Inc., with offices at 417 West Washington st., San Diego. Miss Wanda Frizzell has been named office manager.

At the firm's organizational meeting, Arballo was elected president. Alway will serve as secretary-treasurer, and Truitt is the executive vice-president.

Dr. Thomas Basko, San Diego, and Owen Mitchell, Lancaster, are on the five-man board of directors.

The firm is set to handle all forms of advertising, publicity, promotion, and public relations.

Arballo had been operating his own agency for the past 14 months. He was formerly with the Del Fair public relations and directed the Fairest of the Fair promotions for them each year.

Truitt and Alway are well known in the San Diego advertising field.

Arballo will continue as account executive for Seacoast Savings & Loan Association in Encinitas. He handled publicity and advertising for Supervisor-elect Bob Cozens in the recent campaign.

By Dorothy Jenson

We don't properly value our trees here in California because we seem to have an abundance of them. But both shade and fruit trees are being menaced more every year by injury from borers. This is a hidden menace. . .often you don't know a borer is present until you see holes in the bark, or sometimes roughage, like frass, on the outside of the bark which denotes a borer at work underneath.

If you are going to plant any deciduous fruit trees, or even roses, this year, begin watching the nurseries now. Just as soon as you see them getting in their nursery stock, make your selection and take time to get your trees and shrubs planted.

First of all, the early customer gets the finest selection to choose from. And second, if you wait to plant them until the little shrubs and trees have been lying around long enough for the moisture to have gone out of the roots, they will be slow in starting to grow. Buy them and plant them just as soon as they are available.

BARE ROOT ROSES should never have time to dry out before planting. This is not only because they will fail to get off to a good start but because there is actual danger of die back when you get them into the ground.

AS FOR FRUIT TREES, plant them where they can be watered by occasional deep irrigation and not in lawns or close to plants requiring frequent watering.

Early February is conceded to be the proper time to prune roses in Southern California and, although you have many opportunities to learn to prune, there are little things about pruning that are not always mentioned.

For the safety of your roses, seal the newly made cuts with a drop of tree seal or orange shellac, or one of the materials made for this purpose. This prevents the invasion of the rapsberry horntail fly—an insect active at this time of year—from depositing eggs on the newly cut surface, which hatch into larvae and move down through the can gradually destroying the bush.

A clean-up spray immediately after pruning is the most important operation of all. Use a lime-sulphur-oil emulsion which is complete in one bottle. This destroys over-wintering insect infestation and checks fungus, thus starting your roses into the season clean. Spray the surrounding soil also. And if you want my bulletin on Care of Roses it will be mailed to you on receipt of 4 cents to cover postage.

PRUNING HINTS — Early spring (January or early February) in our climate is usually the right time for pruning peaches, apricots and other deciduous fruit trees. But don't prune nectarines as severely as you do peaches.

Grape vines should be pruned quite heavily.

Avocado trees should be pruned just enough to shape them and to cut out the dead wood and suckers.

Fig trees require a small amount of pruning — usually just enough to cut the new growth to within three or four inches of the old growth or until you get the tree shaped as you want it. After that, prune just enough to keep it that way.

Citrus trees should be pruned just enough to keep the suckers out of them but they can be pruned anytime through the season.

Cherry trees should be pruned lightly and only after the fruit has been picked and while the tree is in full capacity of foliage. Pruned at any other time, the tree will bleed to death.

ELECTION TO DECLARE DEFAULT UNDER INSTALLMENT NOTE SECURED BY DEED OF TRUST

In the matter of the Deed of Trust, made by P. J. Fazio and Mary L. Fazio husband and wife, dated January 8, 1960, and recorded March 3, 1960 as Document No. 43892, of Official Records, in the office of the County Recorder of San Diego County, California, securing a note made by P. J. Fazio and Mary L. Fazio, dated January 8, 1960 for the sum of $6165.00 payable to the order of Helen F. Kie with interest at six per cent per annum, principal and interest payable in installments of $60.00 or more each on the 3rd day of each and every month, beginning April 3, 1960 which said Deed of Trust covers the following described property situated in the County of San Diego, State of California:

Lot 275, Casa de Oro Avocado Estates Unit No. 4, according to Map thereof No. 2179, filed in the office of the Recorder of San Diego County, February 24, 1930.

Notice is hereby given that a breach of the obligation for which said Deed of Trust is a security has occured in this, that default has been made under the terms of said Note and Deed of Trust in that the installment of principal and interest due upon said Note on September 3, 1960, was not then paid; and the subsequent installments of principal and interest due upon said Note were not paid. The unpaid balance of the principal sum of said note and interest thereon from August 3, 1960, is owing and unpaid, and that by reason of said default, the undersigned owner and holder of said note and beneficiary under said Deed of Trust hereby declare the entire amount of said note, with interest thereon, and other sums secured by said Deed of Trust, immediately due and payable, and hereby give notice of my election to cause Mt. Helix Associates, Inc, Trustee under said Deed of Trust, to sell the above described property, after three months shall have elapsed following recordation hereof, to satisfy the obligations created by said note and secured by said Deed of Trust.

HS Board Adopts Central Processing, Avoids Bottleneck

Central processing for school libraries was adopted on a temporary basis by the Grossmont Union High School District Board of Trustees in order to avoid a bottleneck which has developed because of the large numbers of books being added to the libraries.

Purchasing of new books made possible through National Defense Education Act funds has piled up so fast that librarians have been unable to process them and still provide the normal services to students and teachers, according to a written report submitted by the administration.

The central processing system approved will utilize a typewriter which will make tapes and thus avoid duplication of the typing process as has been done under the old system. Central book processing will also eliminate the same process being repeated by each librarian in his respective school where the same book has been ordered for each of the seven libraries in the district.

The Board also approved the addition of a key punch operator in order to eliminate a bottleneck in connection with the data processing system.

This County Among State's Leaders in Population Explosion

The final 1960 census of population figures for the southern half of California include data for the 14 southernmost counties of the State, for all incorporated cities in the area, and for unincorporated places of 1,000 or more, according to a prepared report from the Business Development Department of the Securities First National Bank.

As of April 1, 1960, the 14-county area had a population of 9,994,708, representing a gain of 56 per cent over the 1950 Census. That was fully three times the national percentage increase.

The numerical increase during the 10-year period amounted to 3,578,528 — or nearly 358,000 a year. That was an average gain of nearly 1,000 persons a day during the 10-year period.

During the decade, the southern half of California (i.e., the 14-county area) accounted for 70 per cent of the population increase of California, for 45 per cent of the increase in the 13 Western states (the traditional 11, plus Alaska and Hawaii), and for nearly 13 per cent of the gain in the United States as a whole.

2ND POPULATION AREA

The population of the Los Angeles-Long Beach Metropolitan area as of April 1, 1960 was 6,742,696. The increase amounted to 2,374,785, or 54 per cent.

The area showed a numerical increase more than double that of any other metropolitan area in the United States. The Los Angeles area has now been officially established as the second largest population center in the nation, behind only the New York area.

A total of 14 counties in the southern half of the State gains between 1950 and 1960. The counties showing the largest percentage increases were (1) Orange, 226 per cent; (2) San Diego, 86 per cent; (3) Riverside, 80 per cent; (4) San Bernardino, 79 per cent; (5) Ventura, 74 per cent; (6) Santa Barbara, 72 per cent; (7) San Luis Obispo, 58 per cent, and (8) Los Angeles, 45 per cent.

SAN DIEGO RANKS THIRD

Counties showing the largest numerical increases during the 10-year period were: (1) Los Angeles, 1,887,084; (2) Orange, 487,701; (3) San Diego, 476,203; (4) San Bernardino, 221,949; (5) Riverside, 136,145; (6) Fresno, 89,430; (7) Ventura, 84,491, and (8) Santa Barbara, 70,742.

It is noted that the southern half of the State has nine cities (out of a State total of 14) with a population of 100,000 or more.

They are Los Angeles, San Diego, Long Beach, Fresno, Glendale, Pasadena, Anaheim, Torrance and Santa Ana. Five of these cities — Fresno, Glendale, Anaheim, Torrance, and Santa Ana — moved into the 100,000 class during the decade.

Percentagewise, the most rapidly growing of these large cities were San Diego, Anaheim, Torrance, and Santa Ana.

4 Engine Openings Emit Smog Vapors Health Dept. Says

An automobile has four openings that pour polluting vapors into the air to complicate the smog problem, points out the San Diego Department of Public Health.

"Eliminate the pollutants from these four sources and the experts agree you'll have a smogless automobile," says the Department.

These sources are the carburator vents, the gas tank vent, the crankcase vents, and the exhaust pipe.

This month, United States auto manufacturers began equipping new cars sold in California with a device aimed at the crankcase problem. It is a rubber tube that carries the vapors blown by the pistons back to the motor for combustion.

The State Legislature has paved the way for more extensive control. The State Motor Vehicle Pollution Control Board has been established to test and certify devices to reduce auto air pollutants. When it certifies two such devices, our State auto exhaust law goes into effect. The next year all new cars sold in California must have a pollution control device.

County Lists More Job Opportunities

More job opportunities for San Diego County employment have been listed by the Department of Civil Service.

Junior clerks, 21 years or over, at a salary of $378 a month are needed. A high school diploma and at least one year of clerical experience are required.

The jobs are at outlying Municipal Courts. Applications will be taken until January 23 at room 403 Civic Center, San Diego.

Radio technicians are also wanted in two classes. Class one jobs pay up to $599 a month for licensed technicians to work on the county's expanding communications system in the road department. At least two years of practical experience is required. Class two operators will receive up to $616 a month but need three years experience.

Applications will be accepted at room 403 Civic Center until further notice according to Clayton Swanson, director of personnel.

The Mail Box

Dear Editor:

Thank you so much for the kindness of your paper in publishing the item about my National Science Fellowship. Your encouragement of studies other than in the field of Athletics has been greatly appreciated by many of the students formerly of Helix High.

It is so rare that one hears of anything but the star of football or basketball that when something else is published I believe everyone reads it. (I really love sports, but I do think that other things are just as important.)

I would also like to thank you for the interest your paper has shown in the past years in the activities of such organizations as the Lemon Grove 4-H group. I shall always remember Mr. Dick Henderson's interest in our club; it sure helped!

BOOK REVIEW

'The Explorer' Tells How California Began

by Max Goodwin

History students will welcome The Explorers to their shelf of San Diego and early California lore.

Written by Richard Pourade, editor emeritus, the San Diego Union, The Explorer relates the birth of civilization on the West Coast.

The study is commissioned by James Copely, publisher of the San Diego Union and Tribune which we think accounts for its depth of research and multitudinous pictures.

The cover flap presents the contents of the volume, which is one of a planned series, as well as any reviewer could.

Its description of the book tells of taking the reader on the fascinating but cruel conquest of Mexico as it unfolds the drama of greed, exploration and discovery that slowly carried the tide of settlement northward to the founding of the first mission and Presidio at San Diego.

It is the story of Southern California Indians as explorers first saw them, the life, times and adventures of the men who explored Mexico, Baja California. It is the story of Juan Cabrillo and others in the period of 1520 to 1776.

Important maps, documents, journals and diaries are reproduced. These items came from the Archives of Mexico, Spain and Guatemala.

Then comes the story of the missionaries including Fr. Junipero Serra. Following the missionaries came the settlers, first the men, then the women and children.

It is an exciting and interesting book with nearly 150 illustrations. Pourade is a good story teller. He has not allowed his documentation to interfere with the smooth flow of historical story-telling.

4 LG Teachers To Attend 10th Educational Parley

Four Lemon Grove District teachers will attend the tenth conference on Good Teaching sponsored by the California Teachers Association, Southern Section, on Jan. 20 and 21. Held at the Statler-Hilton, the conference features top-flight speakers, discussion leaders, and demonstrations. Over 400 educators are expected at the two-day meet.

Mrs. Gladys Jones, first grade teacher at Monterey Heights, and Mrs. Ovella Mason, second grade instructor at Mount Vernon, were selected by the administrative staff and the local teachers' chapter respectively as delegates to the Los Angeles meeting.

G. J. Gilliam, special education instructor at the Lemon Grove Junior High, will attend as a discussion leader, a guest of the CTA-SS and the county association. He is one of 20 group leaders chosen from the Southland.

Mrs. Margaret L. Lemmer, junior high English teacher here, will attend as president of CTA-SS to bring greetings to the conference and preside at the Friday evening dinner. She is also a member of the conference planning committee.

She announced that chief speakers selected include Dr. William Rust, president of California Western University of San Diego, and Miss Warrine Walker, past president of the National Education Association.

Theme of the conference, "Teaching Today for a Changing World," influenced the special teaching demonstrations from districts throughout Southern California. A total of eight "live" demonstrations are planned.

July 4 Only Day Off on Summer School Slate

The La Mesa-Spring Valley School District board of trustees at its Monday meeting voted to set up the annual summer school program, with permission from the State Department of Education. A tentative program which will run from June 26 through July 28, will provide enrichment, remedial work, and extension of the regular school program. There would be 24 days of schooling with one holiday, July 4.

William "Bill" Schell, principal of Bancroft Elementary Schol, has been named director of this year's summer school program.

The board also voted to suggest to the LM-SV Citizens Advisory Committee, that this year's community conference on education be in the evening instead of the daytime, in the hope of attracting more people to the conference.

The board also will suggest to the CAC that there be formed panel or symposium groups with final discussions and questions afterward, to provide citizens an opportunity to voice their opinions about their various schools. No date has been set.

Matador Five Outpointed 45 to 38, In Metro Basketball Loop Opener

Chula Vista Limits Mt. Miguel to Five Tallies in Third Period; Helix Next Opponent

The Metro League 1961 basketball season got underway last Friday night and the results indicate cage fans should be in for an exciting season.

Mt. Miguel and Helix were both upset in their clashes and will face a hard schedule in the closelyy balanced league.

The Matadors played host to Chula Vista, and the Spartans went home with a 45-38 victory. Coach Ron Stewart's Spartans held a slim 10-9 first quarter lead and remained out in front at halftime 21-18. Mt. Miguel managed to score only 5 points in the third stanza while yielding 9 to the visitors and fell behind going into the fourth quarter, 30-23. Both teams scored 15 points each in the final period for the 45-38 finish.

Schmautz High With 23

Ray Schmautz's 23 points were high for the winners, while Mt. Miguel's Bill Sage tallied 14 to lead the Matadors.

Mt. iMguel's junior varsity scored an exciting 33-32 triumph over the Chula Vistans in the 7 p.m. contest.

Sweetwater's charges surprised the Helix quintet with a 20 point first period total in their 51-40 conquest over the visiting Highlanders. They lead 20-7 going into the second period and held a close 28-25 lead at the half after the Highlanders found the basket.

Sweetwater moved into a comfortable lead going into the final quarter, outscoring the Scots, 16-4 for a 44-29 lead. The Highlanders outscored the Red Devils 11-7 in the final eight minutes of play for the 51-40 final tally.

Three Score 12 Points

Bob Crowley and Tony Nicita each meshed in 12 points for the winners, and Paul Hagen potted 12 for the losing Highlanders.

Score by quarters:

100 Pros to Compete In San Diego Open

Perhaps the strongest field in the history of the San Diego Open golf tournament will compete in the eighth annual, $25,000 event starting Wednesday, Jan. 11, at Mission Valley Country Club.

Non-exempt players will bid for about 40 Open berths in qualifying rounds on Monday.

About 100 of the leading PGA pros, and eight or 10 exemptions allowed the Open committee, will fill out the field. The five-day event starts with a $5,000 pro-amateur tourney on Wednesday, and the 72-hole Open will run Thursday through Sunday of next week.

Leading the crack field will be Arnold Palmer, husky professional from Pennsylvania who was named the "pro of the year" in 1960.

Drug's Function in Preventing Angina Pectoris Explained

Part of the medical mystery of how "mood elevating" drugs work to prevent the pains of angina pectoris has been explained by two University of Southern California heart specialists.

Angina pectoris is a form of heart disease, its chief symptom being discomfort or pain in the chest, usually following exertion.

Contrary to prevailing medical opinion, which attributes the success of these drugs largely to the psychological lift given the patient, Doctors Robert W. Oblath and George C. Griffith have found that mood elevation is only incidental to certain physical effects of the drug. Their report appears in the December 1960 issue of **California Medicine,** official journal of the California Medical Association.

Research by the two physicians included use, as a control, of a drug that was not a mood elevator, yet retained other characteristics typical of those that were. Patients under this treatment benefited as much as those using the antidepressents.

The authors concluded that the primary values provided by these drugs in combatting angina pectoris were relief of pain (analgesia), an increase in the ability to withstand pain, and stimulation of the central nervous system.

The drugs, technically called monoamine of oxidase inhibitors (MAO-inhibitors), include iproniazid and some of its variants. Iproniazid first was described in the medical literature in 19525, when it was introduced as a treatment for tuberculosis.

Because some of its side effects were astonishing and beneficial - weight gain, relief of pain, reduction of swelling and fever, and replacing moods of depression with a sense of well being - iproniazed and its variants have since gained wide use in the treatment of many conditions. And yet the precise manner in which they do their work has remained much a mystery.

Still a mystery, according to the authors, is whether these medications merely relieve the symptoms of angina pectoris or actually increase the efficiency of the heart muscle.

Crosswalks To Be Painted, New Ones to Be Establishd in SV

"Persistence, as regards safety in the Spring Valley area, is paying off," says W. A. (Wally) Johnson, community betterment and safety chairman for the Spring Valley Lions Club and roads and safety chairman (to be appointed the last of the month) for the Spring Valley Chamber of Commerce.

Johnson said after he contacted Richard Cheney, traffic engineer for the California Department of Highways that Cheney agreed that his department would repaint all crosswalks and establish others where necessary.

Cheney told the reporter for the Spring Valley BULLETIN that he doesn't think crosswalks are safety measures for school children where there are no traffic patrols.

In regard to the request for painting double (no passing) lines along Campo rd., he said his department will not paint them on a two-way road, which Campo rd. happens to be from Kenora to Bancroft. He did say, however, that Campo rd. is to be widened from Kenora dr. out to Granada. It will be made into four lanes. It has also been understood that widening will be done from Bancroft dr. to Kenora.

Johnson said last week that the two organizations have been in contact with the California Department of Highways for several months asking that crosswalks be marked and others considered in the Casa de Oro area. He said that double (no passing) lines should be painted on Campo rd., between Kenora and Bancroft drives, as it is that stretch of road on which the motorists' visions are impaired.

The climax to the safety campaign came last week, Johnson said, when 17-year-old Bob Norton was struck by a car on Campo rd., in the Casa de Oro area. Although he wasn't seriously injured nevertheless it could have been serious, Johnson contended.

Motorcycle Crash Hospitalizes SV Girl

Harry Howerton, 24, of 7714 Orien, La Mesa, and Marsha Holoman, 19, of 4110 N. Bonita, Spring Valley, were taken to Grossmont hospital Monday night after their motorcycle ran into a barricade on Sweetwater Spring blvd., north of the new high school.

A report from the hospital showed that Howerton had contusions but was released. Miss Holoman had multiple abrasions and head injuries. She was kept at the hospital for observation.

SV Home Burglarized, $289 Gone

Deputy Sheriff's W. Wulff and M. Lund are on a hunt for the person or persons who entered the home of James Vernier Bass, at 3546 South Bonita st., Spring Valley, and stole $289 in cash, 200 four-cent U.S. postage stamps, 10 books of S&H Green Stamps, and one pair of binoculars with colored leather case, valued at $75.

Mr. Bass reported the marauders entered by prying open the north kitchen door. Bureaus were rifled but they did not take any jewelry or furs although available. They did remove several blotters with pictures of girls in bathing suits and tore them in half. They also poured a glassful of Bourbon from a bottle they found in a cabinet, but did not drink it.

They left the residence through the south kitchen door, which the owner said he had left locked.

Permit Sought For Auto Wrecking Yard in La Presa

SAN DIEGO (CNS)—A permit to operate an auto wrecking yard on Quarry Road in the La Presa district will be considered Friday by the County Planning Commission.

The permit was asked by Stehen P. Karo Sr., of San Diego, whose petition states the property is opposite a rodeo grounds, with another auto wrecking yard to the rear and a drainage channel on the north. He proposes to build a six-foot-high fence around the property.

A county report said the proposed Sweetwater belt line freeway will border Karo's land on the west.

LOCAL SEWER TAX TO STAY SAME UNDER METRO PLAN SAYS SUPERVISOR BIRD

SAN DIEGO (CNS) — The mayors of Chula Vista, Coronado, El Cajon, Imperial Beach, La Mesa and National City, with members of their city councils and other city officials and members of the board of supervisors Monday spent more than two hours trying to thrash out with City of San Diego officials their differences on proposed contracts to join the Metropolitan Sewer plan.

The session, which resulted in a three-week extension, to Feb. 6 from Jan. 15, in the deadline for signing the contracts, was also attended by county representatives. The Spring Valley and Lemon Grove Sanitation Districts, county operated bodies, are also slated to join in the Metropolitan Sewer System being promoted by the City of San Diego.

David Bird, supervisor of the districts in which the two sanitation districts lie, said that the district rate would remain the same in Lemon Grove and Spring Valley so far as he could see.

Bird, as supervisor, is also director of the sanitation districts within his supervisorial district.

Scott Takes National Award For Business

For his national leadership in affairs of the National Retail Merchants Association, George A. Scott, president of Walker Scott Company was awarded a silver plaque in New York Monday night.

The associations national convention drew more than 5,000 merchants in the department, speciality and variety stores of the nation, totaling more than $19 billion in sales. This year the association celebrates its 50th year.

Scott's award came from "inspired leadership as chairman of the Association Committee on Careers in Retailing and in directing continuing programs that have focused the attention of the nations youth on career opportunities in retailing."

Scott has been vice president of the NRMA from 1956 to 1960. He served on the careers in retailing committee since its formation in 1956, was appointed chairman in 1959.

SV CHILDREN INVOLVED IN FIRE DEPT. CALLS

Young people played a big part in the activities of the Spring Valley Fire Dept. for the last week. With three fire calls being answered, two of the fires were started by children playing with matches.

The fires for the week were:

Jan. 6, at 11:40 p.m., at 1270 Darby, at the home of Alfred Jones. Burning food on the stove caused considerable smoke damage. The report stated that Jones was in bed asleep and didn't know about the burning food. A neighbor, John Stevens, called the Fire Dept.

Jan. 7, at 3:47 p.m. a small plot of grass burned at 8700 Bigford ave., near Mt. Miguel High School. Children with matches.

MATCHES, GRASS FIRE

Jan. 8, at 12:45 p.m., at 1746 Helix, a small plot of dry grass burned. . .children with matches.

Two ambulance runs were reported in addition to that in which Harry Howerton and Marsha Holoman who were injured in a motorcycle accident.

They were:

Jan. 10, at 5:55 a.m., 2½ year old Heidi Harnish, daughter of Mr. and Mrs. Reno Harnish, 8307 Stansbury st., was taken to Grossmont hospital with possible pneumonia.

13-YEAR-OLD TREATED

At 8 a.m. the same day, 13-year-old William Temple, son of Mr. and Mrs. William C. Temple of 10322 San Vincente dr., Spring Valley, was taken to Navy hospital after he apparently fainted. He has been an asthma patient, the report stated. He also had been treated for tonsil trouble.

Mrs. Udlia Silva, 40, of 10337 Ramona dr., was taken to Villa View hospital, Jan. 10, after she thought she was going to "blackout" as she went into the kitchen of her home.

Mrs. Silva's physician said that she had fallen on the pavement in front of Fronton Palace in Tijuana a few days before and had been given first aid by a Tijuana doctor, but apparently she had sustained back and head injuries. The local doctor said Mrs. Silva is to remain in the hospital for a few days.

Approval Given by For Work on High Grossmont UHD Schools in Area

Approval for the filing of applications with the State for construction projects was given by the Grossmont Union High School District Board of Trustees on Monday evening.

The construction program is designed to include construction of the 8th high school in Santee and to increase capacities of other high schools to meet the increased enrollments predicted.

Enrollment estimates for the district high schools for September, 1963 are on the basis of enrollments in the junior high schools of the district and will total 15,126. Indicated enrollments by schools at that time will be Grossmont, 2,499; Helix, 2,527; El Cajon, 2,002; Mt. Miguel, 2,414; El Capitan, 1,743; Granite Hills, 1,480; Sweetwater Springs, 1,002; Mission Gorge, 1,459.

Among the other projects authorized in the application for State approval were class rooms for the educable mentally retarded at Grossmont High, plus a classroom addition; classrooms at Helix High, plus a gym; a gym at El Cajon Valley High School; and classrooms at Mt. Miguel High School.

Fourteen portables will be used primarily to meet an overload which will develop at El Capitan High School during the planning and construction of the high school in Santee.

The Board decided to investigate architectural services by visiting recent construction designed by several firms and then later to conduct interview with architects selected from this group.

The Board indicated that it would insist upon continued emphasis upon economical design which includes educational adequacy and provides for long term, low cost maintenance.

The Board also approved final action for acquisition of 40 acres in the Santee area for a future high school site and 15 acres at Hillsdale-Jamacha Road in El Cajon, completing the site acquisition program which was outlined under the bond issue of 1959.

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

by Elaine Horowitz HO 3-5393

John Faddis of the California State Highway Patrol, presented a 50-star flag, which had flown over the Capitol building in Washington, to Boy Scout Troop 357 recently, on behalf of Congressman Utt.

A letter from Mr. Utt commended the troop on their forthcoming list birthday, and their parents who gave their time and effort "to help these young citizens on their way with a clean, wholesome and honest outlook on life."

AVONDALE PTA

If you've had any complaints or questions about instructional material, finances or school construction programs in the area, be sure to attend the Avondale PTA's general membership meeting, which will be held on Jan. 17, at 7:30 p.m., in the auditorium of Rancho Elementary school on Noeline st. near Elkelton blvd.

Dr. Oetting, director of instructional material for the La Mesa-Spring Valley School District., will answer questions pertaining to the type of books used in the school, how they are compiled or where they are obtained.

Fred Lance, business manager for the district will answer queries on how your money is used for building, teachers' salaries, or supplies. Lance will also represent Dr. Dixon, associate superintendent of construction for the district, and in that capacity give information when Avondale's added classrooms and multi-purpose room will be built.

A teachers' cake baking contest is on tap for this meeting, and you'll have a chance to agree or disagree with the judges when refreshments are served.

DID YOU KNOW?

That Mr. Louis Kelton, of Bollenbacher & Kelton, Inc., will finance the building and land for a library. All he asks in return is that we agree on its location.

There's plenty of room in the shopping center on Jamacha and Elkelton blvds., which would put it right in the center of the largest segment of Spring Valley's population. I'd like to hear what you think.

—o—

That plans for Avondale's additions are now at the architect's office, and within 30 days application will be made for funds to start construction. According to Dr. Dixon, there's a better than even chance we'll have our new classrooms and multipurpose room by September, 1961. More and later information will be available at Avondale's PTA meeting, Jan. 17.

ANNEX. OR INC.?

If you don't want to wake up some morning to find that changes have taken place 'without your approval,' attend the mass meeting sponsored by the Chamber of Commerce of Spring Valley, at 7:30 p.m. tomorrow in the Bancroft Elementary school.

The meeting will be on the question, "Annexation or Incorporation?"

DEADLINES

January 31 is the deadline for obtaining dog licenses. Proof that your dog has been vaccinated since Oct. 1, 1959 must accompany application for license. The Spring Valley Animal Shelter is located at 8661 Jamacha blvd. There is a $2 fee for licenses, with a $5 charge for those missing the deadline.

February 4 is the deadline for car registrations.

While you're at it, check your drivers license for expiration date.

WEDDING BELLS

Congratulations to Mr. and Mrs. J. Meglich, on the marriage of their son Chuck, to Patricia Markham.

Mrs. Meglich, with all the preparations she had to make for her son's wedding, still found time to give a Christmas party for her Brownie group and their mothers, and one for her daughter's class, of which she is room mother.

COMPLAINT DEPARTMENT

Complaints were flying in this past week on two major points.

The first complaint is the 'mob scene,' and 'way those children acted' around the refreshment table of last month's PTA meeting at Avondale. Didn't anyone think of taking their child by the hand and telling them to stop, and if you weren't there to watch you child's performance in the wonderful Christmas program they presented, why not?

The second, and more serious problem is the pranks and mischief occurring during the Christmas vacation. The upsurge occurs during any long school vacation, because, much as the children look forward to it, they are bored after the first few days.

There is no youth center, no adequate library, no place, in fact, where they can alleviate their boredom constructively, so, since they have so much energy to burn, many misdeeds are often found in the ashes.

Openings Announced By LM Jr. Theater

There are openings in the workshop division of the La Mesa Junior Theatre, it was announced by Virginia Bunch, La Mesa Recreation Park department drama director.

This class is held at the Fine Arts Center, 8055 University ave., on Wednesdays from 4 to 6 p.m., and is open to boys and girls, ages ten years and through teens.

Training will be in production, stage management, stage techniques, voice expression and projection. Qualified students will be eligible for the production class held on Saturday mornings.

OFFICERS INSTALLED

New officers installed by the special education department parent group of the Grossmont High School District at its meeting Tuesday night are Mrs. Don Newman, president; Mrs. Romeo Redina, vice president; Mrs. Ladta Walker, secretary; N. E. DeMontagne, treasurer, and Mrs. Carl Renkke, librarian-historian.

Clair W. Burgener, president of the California Council for Retarded Children, addressed the group on the subjects of the retarded child and on parent groups and associations.

BY FIRST NATIONAL BANK

The Board of Directors of the First National Trust and Savings Bank of San Diego at its regular monthly meeting declared a semi-annual dividend of 50 cents per share, Jack W. Koop, vice president and manager of the bank's Lemon Grove branch, has announced.

The dividend is payable one-half Feb. 1, 1961 to shareholders of record Jan. 20 and May 1, 1961 to shareholders of record April 20.

Gibson, Rundell Renamed by Helix ID as Directors

The incumbent directors of the Helix Irrigation District, John B. Gibson and Bob Rundell, will be reappointed by the Board of Supervisors of San Diego County to serve four-year terms on the board of directors, it was announced by Margaret C. Penry, secretary to the board.

Only these incumbents filed petitions for re-election in Election Divisions No. 2 and 4, La Mesa and Spring Valley, there being no opposition.

Directors Harry Griffen, Nat Eggert and Mabel Bryan have two years remaining on four year terms.

Bob Rundell has served as a director on the Helix board since March 1953. He lives at 8533 Gateside road, La Mesa, and represents South La Mesa and most of Spring Valley.

John Gibson, director of Division 2, was appointed to serve the remainder of the term of R. M. Levy, who died in September, 1959.

Gibson lives at 7926 El Capitan, La Mesa, and represents most of the area within the La Mesa boundaries.

'THE LARGE ECONOMY SIZE'

HUNDRED POUND GOODIE—Thanks to Mrs. Arthur Hannah, pictured here, who lives at 1914 Klauber st., which borders Lemon Grove, the children at Nazareth House in Mission Valley, some 100 of them had a sweet time — all from the same candy bar.

But what a bar! The king-size confection herein shown in what is believed to be the last ever made of the bar-before eating, tipped the scales at 100 pounds and was nearly six feet in length was presented to Mrs. Hannah as a gift.

Mrs. Hannah turned the giant Baby Ruth chocolate bar over to the Venture club, a group of Young Business Women sponsored by the San Diego Siroptimist club who made a presentation of it to Nazareth House Sunday afternoon.

The Venture club assists Nazareth House, a children's Catholic agency on a year-round basis as a major community service project.

Mrs. Hannah who worked in Lemon Grove Democratic headquarters during the last election said she received it as an afterthought after she had won an election bet from Charles Miller of San Diego, an employe at the College Grove Long Drug store, who obtained his store's permission to present the bar for a charitable purpose to Mrs. Hannah.

Casa de Oro Women's Club Gave Help To 67 — Report

A Christmas tradition started five years ago by the merchants and business people of Casa de Oro, Spring Valley, in cooperation with the service organizations to furnish Christmas cheer to the residents of rest and retirement homes in the Casa de Oro section of the Valley this custom has lately been observed by the members of the Casa de Oro Women's Club, who succeeded the Casa de Oro Civic Association at the task.

The Club believes that public thanks should be extended to the men and women who contributed and reports that 67 old people were cared for in six rest homes, and one destitute family, a man out of work with a wife and three children said he would never lose faith in Santa Claus after the kindness shown him.

Art Schaffer took Santa Claus, played by Leon Green, in his car to deliver the gifts, accompanied by Mrs. Marguerite Iles. A workers committee for the gifts was composed of Mrs. Beryl Ames, chairman, Mmes. Alka Lawrence, Lucile Varley, and Dorris Arnold.

A report to this effect was made at the meeting of the Club yesterday.

Mrs. Harris Rites Held, Dead at 35

Services for Mrs. Phyllis Harris, 7575 Pacific ave., Lemon Grove, who died at the age of 35, Jan. 2, in a hospital, were held Monday in Conrad Lemon Grove Mortuary and burial was in Mount Hope cemetery.

Mrs. Harris had lived in San Diego county for 25 years.

Survivors include her husband, James; her mother, Mrs. Mildred Stalnaker, and three brothers, Gordon, Darrell and Archie, all of Lemon Grove.

Minister Tries Hand at Building

HARD AT WORK — Shown working on the fireplace of the Evangelical United Brethren Church being constructed at its site on 9400 Campo rd., is its pastor in working clothes, Rev. A. Phillip Strickler, who finds time to do in addition to his spiritual duties, manual labor. Members of the parish along with Rev. Strickler have been working on the fireplace, and also will do the painting, the electrical work, a portion of the masonry, and the landscaping. Contractors are Visser Brothers, Escondido.

The framework and concrete work has been done at this stage.

New Officers, Annual Reports On Trinity Church's Schedule

Installation of officers will be the main order of business for the Mariners club of Trinity Presbyterian church when they meet at 6:30 p.m. Friday for a potluck supper.

Rev. Keith A. Mitchell will conduct the ceremonies.

There will be church school during both services of the Trinity Presbyterian church Sunday.

The Senior High and Niner groups will meet at 7 p.m. Sunday. Junior Highs have changed their meeting time to the first and third Fridays from 5 to 9 p.m.

On Sunday at 2 p.m. representatives from all the church organizations will meet with the session to give their annual reports.

The January luncheon of the Women's Association will be held at 12 noon Jan. 17. All women of Trinity and guests are invited to attend.

Baptist Church News

S.V. FIRST BAPTIST

Friday night will be the first in a series of six meetings at the First Baptist Church of Spring Valley on its School of Missions. A "singsperation" will be held at 6:30 p.m., followed by a fellowship dinner, with Rev. Earl Creamer, pastor of the First Baptist Church of Chula Vista as em cee. The devotional will be given by Robin Filgo, followed by a film "Call of the Navajo."

The second of the series will be Sunday. At the 8 and 11 a.m. services Rev. Roland Taylor will be speaking on "True Prosperity." The junior choir will sing at the 8 a.m. service and the Chancel choir at the 11 a.m. service. The Valley Chapelaires, the church quartet will sing at both services. The quartet is comprised of Ray Whitmus, baritone; Jack Thomas, first tenor; Rev. Roland Taylor, second tenor and L. A. "Buzz" Whitaker, bass.

Beginning at 6:30 p.m. Rev. Floyd Piper will give the devotional and this will be followed by a singsperation. Then there will be a filmstrip "Missions Follow the Indian Trail." The message will be brought by Rev. Vahac Mardirosian (director of Mexican work, So. Calif. Baptist Convention office). His message will be "Race Relations."

Mrs. Floyd Piper will give the devotional on Wednesday at 7 p.m. There will be special music by the children's choir and an hour of study.

The fourth meeting will be Jan. 22, the fifth Jan. 25, and the sixth and final, Jan. 29.

CASA DE ORO BAPTIST

The meetings of four youth groups of Casa de Oro Baptist Church are being continued at the church, says Rev. Ernest Anderson, pastor.

Judith Adkinson, sponsor for the "Livewires"—the primary age group, says her group meets each Sunday at 6 p.m. There is pre-session activity, followed by missionary visual education, Bible stories and singing.

The "Jet Cadets" the junior age group, meets with Ruth Chancy at the same hour for programs geared to their age.

The junior-highers meet with Mr. and Mrs. Herb Mayer, also at 6 p.m. The high school-college-age group meets with Mrs. Lena Anderson.

The high school-college-age group on Jan. 21, will join in an area rally at Ramona. The theme for the day will be "Treasures or Trash." The meeting will be held from 9 a.m. to 7:30 p.m.

LOVE OF GOD, GOOD, DETERMINES HEALTH, LONGEVITY SAYS SERMON

How true health and harmony are established will be brought out in the Lesson- Sermon entitled "Life" in all Christian Science churches Sunday.

The theme emphasized in the sermon is keynoted in this statement from Deuteronomy (5:33), "Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live, and that it may be well with you, and that ye may prolong your days in the land which ye shall possess."

Head of Presbyterian Church To Address Congregation Here

The Titular head of the United Presbyterian Church of the U.S.A., Dr. Herman Lee Turner, will speak before Presbyterians at the College Park Presbyterian Church, Tuesday at 8 p.m. The meeting is for all Presbyterian members of the area and other interested persons, says James A. Stiteler, district vice president of the National Council of Presbyterian Men.

Rev. Dr. Turner will report on the church program for the coming year. The meeting will follow a dinner at 6:30 p.m., the dinner being limited to 200. Those planning to attend the dinner should make their reservations early by calling the church office.

Rev. Dr. Turner who has been a pastor for 30 years in Atlanta, Ga. and also a leader of Atlanta ministers favoring integration, was elected to his office last May.

A men's retreat will be held at Pacific Palisades Jan. 20-21. Those interested should contact their minister, says James Stiteler.

A training meeting for al leaders of local chapters of Presbyterian Men of the area, will be held Jan. 29 at 2 p.m. in the Pacific Beach Presbyterian Church.

Lemon Grove Methodist Emphasis on Missions

Emphasis will be upon missions in Methodist Church Schools during January and February as a part of an interdenominational study on the theme "Into All the World Together."

These special sessions which are sponsored by the Women's Society of Christian Service, began this week and will constitute the Chuch School curriculum for the next five weeks, including mission-oriented field trips, films and activities.

Three Junior and Senior High Methodist Youth Fellowship groups will resume their regular Sunday evening meetings and activities Jan. 15 with the return of Gary Snapp, youth leader, from a holiday visit to his home in Arizona.

Mr. Snapp directs the youth program at Lemon Grove Methodist Church while engaged in pre-ministerial study at California Western University.

A newly organized Youth choir will begin rehearsal also on Sunday evening. This group which will assist the Junior and Adult choirs in the music ministry of the church will be under the direction of Mrs. Adeline Taylor, church organist, and is open to all youth 12 years of age and up.

"A Trip to Russia" is the title of a program to be presented at the Methodist Men's Club dinner meeting Jan. 16. Mr. Arthur Patoff, guest speaker, will also show films of his visit to the Soviet Union.

Women's Day Set For VLM Church

At Vista La Mesa Christian Church Mrs. Edgar Allee will preside at the 9:45 worship service and rMs. Vernon Neely will preside at the 11 a.m. service. At both services Mrs. Bonnie Tolman, wife of the pastor of the First Christian Church of Orange, will speak about work in the church in Japan where they formerly served. Mrs. Mae McAfee will sing "The Living God" by Goeffrey O'Hara.

At 2:30 p.m. the Christian Youth Fellowship will attend a dedication at the parsonage of trees they have recently planted there. At 6:30 p.m. they and the junior high group, Chi Rho, will attend their regular Sunday evening services.

Nursery care will be provided for all the morning services.

"EPIPHANY"

The season of the church year we have just entered is "Epiphany." Epiphany means "manfestation." The light is thrown upon Jesus revealing Him as the Son of God born in human flesh. The Magi found Him because they came seeking for Him. Are you attending your church and seeing where the spotlight of the Gospel is thrown?

Marine Major General Named Scout Chairman

Victor Krulak To Head Annual Sustaining Membership Program Starting Jan. 22

Major General Victor H. Krulak, commanding general of the Marine Corps Recruit Depot, San Diego, has been named chairman of the annual county-wide 1961 Sustaining Membership program of the Boy Scouts of America Jan. 22-28.

Acceptance of the chairmanship of Gen. Krulak was announced by Boy Scout Council President J. Harvey Chambers.

Gen. Krulak said that there are certain basic services in the community that command priority and support and deserve extra attention. He said that Scouting is one of these services and the community must rally to its support. Gen. Krulak is a former Scout.

The Sustaining Membership drive will help meet the 1961 Council budget of $316,308, needed to finance the continued growth of the Council and provide Council services to more than 25,000 Scouts and 9,000 leaders, according to a report from Scout headquarters.

A major portion of the budget has already been provided by the people of San Diego county through the nine community Chests and the United Fund. The balance must come from those who believe in the effectiveness of Scouting and a full 12 months program of Scouting in 1961, the report stated.

Dr. M. Ted Dixon, associate superintendent of the La Mesa-Spring Valley School District has been named Sustaining Membership leader for the Grossmont District.

BOY SCOUT WEEK

Boy Scout week has been set for Feb. 7-13. It will be the 51st anniversary of the Boy Scouts of America. The theme this year will be "Strengthern America. . .Character Counts."

Boy Scout leaders during the week will be offered a double opportunity: 1) To do certain things which help make membership more meaningful to the boys themselves; and 2) To use the occasion to show parents and the community how Scouting works and how to make the best use of it.

These objectives can be accomplished through activities such as the unit's own annual celebration, special anniversary week good turns, public demonstrations, window displays, wearing the uniform to school, and participation by boys in Scout Sunday services in their own churches.

GIRL SCOUTS

The 1961 Girl Scout's annual cookie sale will be held Feb. 11-25, with 11-year-old Jean Bush of Chula Vista as "Miss Cookie of 1961."

BROWNIES

Brownie Troop 620 of Spring Valley had its first meeting of the new year on Jan. 4. The troop's theme for Jan. is "Nature." The program is being prepared by troop leaders Mrs. Verla Paydon and Mrs. Mary Pierce.

The girls at the first meeting made scrap books which they took home. The books are to be filled with nature specimens, pictures, articles, etc. A nature hike is also being planned for some time this month.

Members of the troop committee met last Thursday at the home of Mrs. Bobbie Keats to make further plans for the girls. Mrs. Rose Brazell and Mrs. Keats are planning a program for the month of February.

Mrs. Janice Dypvik, cookie chairman, announced that the annual Girl Scout cookie sale will be held Feb. 11-25.

Play Scheduled

The University of San Diego Masquers of the College for Men will produce the strong three-act drama, "Skipper Next To God," by Dutch playwright Jan de Hartog, at the Balboa Park Puppet Theatre on the evenings of Jan. 13, 14 and 15 at 8:30 p.m.

NEW FOOD POLICY AT LOCAL CAFE

Continuous food service from 10 a.m. until 10 p.m. is the new policy at Pal's Cafe, Imperial and Lester.

The firm formerly served dinners only, according to Ted Fetters, proprietor of the firm.

STAMP CLUB MEETING

Fun Action Swap Night will be held by the La Mesa Philatelic Society (Stamp Club) at 7:30 p.m. Jan. 25 at Porter Hall, 8472 La Mesa blvd., and is open to the public.

Golden Ave. PTA To Hear Fitness Talk by Navy Man

Robert G. Tinley, petty officer first class, U.S. Navy, a member of the naval career appraisal team, will address parents at the Golden Avenue PTA meeting tonight at 7:30 p.m. in the cafetorium, as to how and why so many young men are unfit for military service.

A cake bake contest for all dads and sixth grade boys will be judged and ribbons awarded the winners.

Byron Netzley, superintendent of schools in Lemon Grove, will present the "Local Loverlies," in an international revue.

The group consists of Jack May, Al Lantz, Jim Gilliam, Ken Martinosky, R. J. Corkum, and Lou Robinson.

Warning Out for Phony Peddlers

The notorious Williamson Gang — a mob of itinerant peddlers, hawking bogus merchandise ranging from bargain basement scottish woolens to miracle roofing material will invade San Diego this year, Cecil Candler, manager of the San Diego Better Business Bureau predicted.

The San Diego buying public is urged to guard against such swindlers by making a New Year's Resolution to remember two simple slogans "Investigate Before You Invest" and "If You Don't Know Your Merchandise — Know Your Merchant."

Scout Executive Appointed

Newly assigned as Field Scout Executive to the Grossmont district which will include Lemon Grove is Dick Cooksley, who has taken over his duties on the professional staff of the San Diego County council, Boy Scouts of America.

The announcement was made by Dan Henry, Council Scout Executive. Cooksley who with hif wife and three children are moving to this area from Tucson, Ariz., will assist in giving professional help to institutions sponsoring Scout units in his district.

He recently retired from a captaincy in the U.S. Army where he had served for more than 20 years.

Cooksley has a rich background in volunteer Scouting both as a Scout and as a leader, Scout Executive Henry said. He has served as pack and troop committeeman and as scoutmaster.

First Blimp in Long Time Passes Over Area on Way to West Base

Spring Valley and Lemon Grove received first glimpse in a long time of a dirigible Saturday morning.

The Navy's 342-foot-long airship passed over this locality shortly before 8 a.m., celebrating its arrival on the west coast after a record flight across the continent from Lakehurst, N. J.

The largest blimp ever to cross over the Rocky Mountains, the ZPG-2 left New Jersey Tuesday and when it arrived in San Diego County, it paralleled the international border. It turned northwest over Jamul and approached San Diego at an altitude of about a thousand feet at 855 miles an hour.

Over Bonita Valley, it was reported to have slowed its speed to about 60 miles per hour. After passing over National City, the airship crossed San Diego Bay, turned north over the main runway at North Island Naval Air Station where it dipped in a salute to about 800 feet.

The blimp arrived at its destination, the Marine Corps air station at Santa Ana, where it will be based.

It is to be used in cooperation with Scripps institution of Oceanography at La Jolla in research on ocean temperature.

The Foothills Secondary Council recently appointed Mrs. Frank Armstrong, president of the Palm Junior High PTA, as a member of the By-laws committee for a current revision of the by-laws.

March 17 Last Day For Science Entries

The seventh annual Greater San Diego Science Fair is scheduled for April 14-18, 1961, at the Federal Bldg., Balboa Park, it was learned last week.

Students in public, private or parochial schools, in grades 7th through 12th in San Diego and Imperial Counties are eligible to enter.

Projects in the biological or physical sciences, engineering and mathematics will be exhibited in two divisions: Junior Division for entries from grades seven, eight and nine; and Senior Division for entries from grades ten, eleven and twelve. Group projects may be by two or more persons from grades seven through twelve.

Preliminary to the Greater San Diego Science Fair, schools will build local fairs or project displays. Deadline for entries in the Seventh Annual Fair is March 17, 1961. Sponsors for the fair include public, private or parochial schools, industries and scientific organizations of the area.

Sniffles Studied Among County Students

When large numbers of San Diego County youngsters stay home from school with the sniffles, the fact is of public health concern, says the San Diego Department of Public Health.

Sniffles or respiratory infections in large numbers may indicate the possible presence of influenza. This disease can spread so fast the World Health Organization maintains a network of influenza observation posts throughout the world. Detection of the first appearance of a strain of influenza in one part of the world may make it possible to vaccinate against that strain before it invades distant nations.

NOTICE OF PROPOSED CHANGE OF ZONE CLASSIFICATION

A public hearing will be held by the San Diego County Planning Commission in Room 310, San Diego City and County Administration Building, Civic Center, San Diego, California, on Friday, January 27, 1961, at 9:30 a.m., to consider the following proposed amendment to The Zoning Ordinance, Lemon Grove Section:

The reclassification from R-3, Residence Zone, and C, Business Zone, to C-2, Business Zone, of portions of Lots 1 through 10 of Lemon Grove Heights, according to Map thereof No. 2290, and Lots 1 through 5 in Block 1 of Bain's Subdivision, according to Licensed Survey 157, and portions of Lots 6 and 19 in Block 2, Lots 6 and 19 in Block 3 and Lot 6 in Block 4 of San Diego Terrace, according to Map thereof No. 1545 (more particularly described in records on file in the office of the County Planning Department, Room 044 Civic Center, San Diego, California), and adjacent areas, subject property comprising a narrow strip of land located generally along the east-west centerline of blocks bounded by Broadway on the north, Pacific Avenue on the south, Buena Vista Avenue on the east and Citrus Street on the west.

Said amendment is initiated by the San Diego County Planning Commission to adjust zoning boundary lines to coincide with property ownership lines, and will be considered in accordance with The Zoning Ordinance (Ordinance No. 1402 (New Series), as amended, San Diego County, California.

Rancho School Traffic Patrol Manning Posts

"OK TO GO!" — School safety patrol officers began taking up their new duties last week to better protect Rancho Elementary School children at the particularly busy crossings at both Noeline and Elkleton sts., and at Noeline and Carlsbad sts., in Spring Valley.

Shown above at Noeline and Elkelton sts. is Patrol Lieutenant Mike McDonald, son of Mr. and Mrs. Joyce McDonald, 8893 Melbourne st., supervising the performance of the patrol unit at that intersection. Also shown is Mike Frankenberg, supply sergeant, son of Mr. and Mrs. Albert Frankenberg, 8846 Melbourne st. guarding the crossing for Rancho pupils on the first shift (8:40 to 9 a.m.). Larry Deason, patrol private at this post, son of Mr. and Mrs. Claude Deason, 612 Carlsbad st., was not in the picture.

Principal Samuel Miles of Rancho Schools said the safety patrol is composed of 22 boys from the fifth and sixth grades. The patrol which is assisted by the California Highway patrol, is instructed primarily not to stop car traffic, but rather if possible to hold up pupils waiting to cross the street until there is a lull in the traffic-flow, giving the pupils the safest intervals in which to cross.

The work of the safety patrol boys is under the direction of Blaine Johnson, assistant to the principal and sixth grade teacher who is their sponsor. Another teacher at Rancho who has been active in the safety program is Edward Slusser, fifth grade teacher, who made school safety movies while teaching at Fletcher Hills elementary school, and which have been used as a guide for other schools in this area.

County Official To Address Monterey Hts. PTA

'Rule of Family' To Be Discussed By Glenn Elliott

The Monterey Heights PTA unit meeting will be held tonight at 7:30 p.m. in the school cafetorium at 7550 Canton dr., Lemon Grove, with guest speaker to be Glenn W. Elliot, County Child Guidance Coordinator.

His talk, "The Rule of the Family in this Complex Society," will be concluded with a buzz session enabling audience participation.

Rev. Orval Butcher will sing a selection of songs preceding the evening's program.

A Dad's and Daughter's cake bake will provide the refreshments, to be served by ten of the school girls and their fathers. A Chinese auction will be held for the remaining cakes.

Brownie Troop 209, under the direction of their leader, Mrs. Robert Mugg, will present the flag ceremony.

FOUNDERS DAY SET

Second in Series Of Four Children's Concerts Planned

The second in a series of four children's concerts for fourth, fifth and sixth grade students has been scheduled for Saturday, Jan. 21 at 10:30 a.m. and 12:30 p.m. in the Russ Auditorium. Price per ticket will be 35 cents for children and 75 cents for adults.

The program will present the San Diego Symphony, under the direction of Earl Bernard Murray, and will feature "Composers of the Past" with selections of Wagner, Mozart, Bach, Gretry, Schubert and Moussorgsky.

A concert for the junior and senior high school students of the county will be held at Russ Auditorium on April 20. Cost per ticket will be 50 cents for students and 75 cents for adults.

The concert will begin at 4 p.m. and will present the Los Angeles Symphony.

SD G&E Company Gives Yearly Total

Reflecting the continuing growth of the San Diego area, the San Diego Gas and Electric Co. at 1960 year end was serving approximately 329,900 electric and 267,300 gas customers, an increase of 14,100 and 12,600, respectively over the 1959 year-end totals.

February Occupancy Expected For New Highlands Elem. School

Organization plans for the new Highlands Elementary school were announced this week by Superintendent Glenn Murdock of the La Mesa-Spring Valley School District who said that present plans call for occupation of the building near the end of next month.

The school, now in final construction stages, is located on South Barcelona street in Spring Valley.

The Highlands attendance area will be created by adjustment of the attendance boundaries of Rancho, Bancroft, and Casa de Oro Elementary schools. Teachers for the new unit will also come from these schools.

Selection of an administrator for recommendation to the Board of Education will be made from among local staff members who submitted applications last spring, he added. The new school consists of 16 classrooms, two kindergarten rooms, a multipurpose room, office, storage, and conference rooms.

In other building developments the district has announced that the schedule for Parkway Junior High school will be kept. The partial plant (50 per cent of the buildings is all available funds will handle) will be bid next month, and construction should start about March 1, Murdock said.

The new junior high will be located just southwest of the intersection of Dallas street and Fletcher parkway in northern La Mesa. Money for this partial project will come from the sale of all of the District's remaining bonds from the 1958 election.

'Lo and Behold', Student Play, To Bow at Mount Miguel High

Mount Miguel High School will present its Associated Student Body play, "Lo and Behold" Wednesday, Thursday and Friday, Jan. 18, 19 and 21, at 7:30 p.m. in the school cafeteria.

The eight members of the cast are David Carpenter as Milo Alcott; Linda Thompson, Daisy Durdle; Bob Hill, Dr. Robert Dorsey; Bea Weeks, Honey Wainright; Annette Brandenburg, Minnetinka Smallflower; Tom Thea, Kenneth Von Stutznagle; John Hoffman, Jack McDougal; Ted Taylor, Mr. Wingate.

The play written by John Patrick and directed by Robert Sanders has to do with a Nobel Prize winner who has lived for many years on a meager impalatable diet to favor an ailing heart.

This very lack of much heart has made the philosophy of his books coldly cynical. After signing a will that leaves a third of his estate to his young doctor, a third to perpetuate his house as a sanctuary for his spirit and the final third to the Harvard Law School to insure that the terms of his odd testament will be carried out, he eats a sumptuous meal and dies happily.

Instead of the solitude he has expected to find, he is beset by the spirits of an Indian girl pushed off a cliff by her lover, a Southern belle with a disturbing drawl and a phony liberal attitude, and a frustrated composer.

The pretty cook (a former model) who had prepared the fatal dishes, returns to the house and is mistaken for his daughter. The author eventually finds peace in furthering a romance between the doctor and the young girl.

Grossmont Concert Group To Meet

The business meeting of the area officers and community chairman of the women's committee of the Grossmont Community Concert Association will be held at 9:30 a.m. Monday, Jan. 16 at the home of Mrs. Willard M. Sinclair, 1836 Ridgecrest Terrace, El Cajon.

The meeting will be conducted by Mrs. John H. Floyd, president.

Plans for the local artists concert to be given in May will be discussed. Applications are now being accepted by the music chairman, Mrs. John O. Swennes, 4423 Pomona dr., La Mesa.

L.G. Review—Dec. 29, Jan. 5 & 12

In Kadus, India, a village of 5,000, there is no local physician and no hospital. Once a week a visiting doctor arrives in a CARE mobile health unit. It is an $11,500 clinic on wheels.

COUNTY OF SAN DIEGO
NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the Board of Supervisors, Room 306, Civic Center, Administration Building, San Diego, California, until 2:00 o'clock, P. M., on January 23, 1961, at or about which time they will be publicly opened and read in the same building in the Board of Supervisors' Chambers, for resurfacing in accordance with the specifications therefor, to which special reference is made, of portion of County Highway as follows:

Sweetwater Road (County Road D-20, D-1-B, and D-45, Road Survey 609) from the intersection of Paradise Valley Road (County Road D-20, Road Survey 609) and Sweetwater Road (County Road D-23, Road Survey 471), northerly, to Broadway (County Road D-56, Road Survey 503) in Lemon Grove a net length of 3.643 miles.

ENGINEER'S ESTIMATE

Item No.	Quantity	Description
1.	3,200 tons	Asphalt Concrete Surfacing (including Prime Coat).

Under the provisions of the California Labor Code, the Board of Supervisors has determined the prevailing rate of per diem wages for the locality to be as follows (Rates are for an 8-hour day unless otherwise specified.):

Carpenter, Journeyman - $32.20; Cement Mason and Cement Mason Roller Screed Operator - $32.24; Reinforcing Ironworker - $34.20; Laborers, General or Construction - $25.24; Concrete Mixer Operator - Skip Type - $30.16; Motor Patrol Operator (any type or size) - $35.28; Tractor Operator - Dragline or Shovel, Bulldozer, Tamper, Scraper, and Push Tractor - $34.48; Rubber-tired, Heavy Duty High-Speed Equipment Operator - Oshkosh, DW, Euclid, LeTourneau, La Plante Choate, or similar type equipment, with any type attachments, and push tractor on this type equipment - $34.48; Universal Equipment operator (shovel, Back-hoe, Drag-line, Derrick, Derrick Barge, Clamshell, Crane, Pile Driver and Mucking Machine) - $35.28; Drivers of Dump Trucks of less than 4 yards water level - $27.72; Drivers of Dump Trucks, 4 yards but less than 8 yards water level - $27.96; Any classification omitted herein not less than $23.64.

OVERTIME AND HOLIDAY WORK: Time and one-half for all overtime, except Sundays and holidays, which are double time. The holidays upon which double time rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

The foregoing quantities are approximately only, being given as a basis for the comparison of bids, and the Board of Supervisors does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, as may be deemed necessary or expedient by the said Board of Supervisors.

All bids are to be compared on the basis of the Engineer's estimate of the quantities of work to be done.

No bid will be accepted from a contractor who is not licensed under Chapter 9, Division 3, Business and Professions Code, or to whom a proposal form has not been issued.

The attention of bidders is particularly directed to the provisions of Section 7-1.01F of the specifications regarding the use of domestic materials; and also to the provisions of Section 8-1.01 and 8-1.02 of the specifications, regarding subcontracting and assignment of the contract, respectively.

Plans, forms of proposals, bonds, contract, special provisions and specifications may be examined at the Office of the County Surveyor, Room 014, Civic Center Administration Building, San Diego, California. Copies of plans and specifications may be obtained at said office upon payment of $8.00. If payment is made by check, it should be made payable to "County of San Diego". **No refund will be made.**

No bid will be received unless it is made on a form furnished by the County Surveyor and accompanied by the security referred to therein. Forms of bid proposal and bonds may be obtained at the County Surveyor's Office.

The Board of Supervisors reserves the right to reject any or all bids, and the right to waive irregularities or informalities in any bonds or in the bidding.

Dated: December 20, 1960
R. B. JAMES, COUNTY CLERK and ex-officio Clerk of the Board of Supervisors.
